## Management's Responsibility for Financial Reporting

---

The accompanying financial statements of the Regional District of Central Okanagan are the responsibility of management and have been approved by the Chairperson on behalf of the Board.

The financial statements have been prepared by management in accordance with Canadian public sector accounting standards. Certain amounts used in the preparation of the financial statements are based on management's best estimates and judgements. Actual results could differ as additional information becomes available in the future. When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances, in order to ensure that the financial statements are presented fairly, in all material respects.

The Regional District of Central Okanagan maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and the Board's assets are appropriately accounted for and adequately safeguarded.

The Board is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements.

The Board meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the annual report, the financial statements and the external auditor's report.

The financial statements have been audited by external auditors BDO Canada LLP Chartered Professional Accountants in accordance with Canadian generally accepted auditing standards on behalf of the Board. The independent auditor's report expresses their opinion on these financial statements. The external auditors have full and free access to the accounting records and to the Board of the Regional District of Central Okanagan.

## Independent Auditor's Report

---

To the Directors of the Regional District of Central Okanagan

### Opinion

We have audited the financial statements of the Regional District of Central Okanagan (the "Regional District"), which comprise the statement of financial position as at December 31, 2018, and the statements of operations, change in net financial assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Regional District as at December 31, 2018, and the results of its operations, changes in its net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Regional District in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Unaudited Information

We have not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the information included in the annual report or the information included in exhibits 1 through 28 of the Regional District's financial statements.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Regional District's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Regional District or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Regional District's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Regional District's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Regional District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Regional District to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Regional District of Central Okanagan Summary of Significant Accounting Policies

**December 31, 2018**

---

<b>Nature of Business</b>	The Regional District of Central Okanagan (the "Regional District") provides local government services such as protective, transportation, environmental health and development, parks, water, sewer, and other general government services.
<b>Basis of Presentation</b>	The financial statements of the Regional District are the representations of management and are prepared in accordance with Canadian public sector accounting standards as issued by CPA Canada.
<b>Landfill Closure and Post-Closure</b>	The estimated costs to close and maintain solid waste landfill sites are based on estimated future expenses in current dollars, discounted, adjusted for estimated inflation, and are charged to expense as the landfill site's capacity is used.
<b>Development Cost Charges</b>	Development Cost Charge ("DCC") levies are restricted by by-law in their use for sewer expansion and the revenue is deferred until the expenses are incurred. When DCC expenses are made, a corresponding amount is recorded as "Contribution from sewer DCC reserve".
<b>Reserve Fund Balances</b>	The Regional District has appropriated certain funds for future capital expenses for specific projects or studies. Expenses from a reserve can only be made with approval from the Ministry or in accordance with by-law directives.
<b>Government Transfers</b>	<p>Government transfers, are recognized as revenue in the financial statements when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. The transfer of revenue is initially deferred and then recognized in the statement of operations as the stipulation liabilities are settled.</p> <p>When the Regional District is deemed the transferor, the transfer expense is recognized when the recipient is authorized and has met the eligibility criteria.</p>
<b>Financial Instruments</b>	The Regional District's financial instruments consist of cash, accounts receivable and other receivables, deposits, accounts payable and accrued liabilities, interim financing and long-term debt. Unless otherwise noted, it is management's opinion that the Regional District is not exposed to significant interest, currency, liquidity or credit risks arising from these financial instruments.
<b>Non-Financial Assets</b>	Non-financial assets are held for use in the provision of services and are not normally available to discharge liabilities. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the net surplus (deficit) for the year, provides the change in net debt for the year.

## Regional District of Central Okanagan Summary of Significant Accounting Policies

**December 31, 2018**

---

### **Tangible Capital Assets**

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Assets under construction are recorded at cost and are not amortized until the asset is complete and in use. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is available for productive use as follows:

Land improvements	5 - 20 years
Buildings	10 - 75 years
Fleet	5 - 15 years
Machinery and equipment	3 - 20 years
Sewer system	10 - 80 years
Water system	10 - 100 years

### **Deferred Revenue**

Funds received for specific purposes which are externally restricted by legislation, regulation or agreement and are not available for general municipal purposes are accounted for as deferred revenue on the statement of financial position. The revenue is recognized in the statement of operations in the year in which it is used for the specified purposes.

### **Use of Estimates**

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimate and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

### **Revenue Recognition**

Taxes are recognized as revenue in the year they are levied.

Charges for sewer and water usage are recorded as user fees. Connection fee revenues are recognized when the connection has been established.

Conditional grant revenue is recognized to the extent the conditions imposed on it have been fulfilled. Unconditional grant revenue is recognized when monies are receivable.

Grants for the acquisition of tangible capital assets are recognized in the period in which eligible expenditures are made.

Sales of services and other revenue is recognized on an accrual basis.

Contributions of capital assets are recognized when the transfer occurs.

## Regional District of Central Okanagan Notes to the Financial Statements

### 9. Landfill Closure and Post- Closure Care

The British Columbia Environmental and Enhancement Act sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of solid waste landfill sites. This requirement is to be provided for over the estimated remaining life of the landfill site based on usage.

Capacity of the Westside Sanitary Landfill of 1,926,340 cubic meters was reached during the 2010 fiscal year. Closure will involve covering the site with topsoil and vegetation, drainage control, and installing groundwater monitoring wells. Post-closure care activities for the landfill are expected to occur for 30 years and will involve surface and ground water monitoring, maintenance of drainage structures, monitoring leachate and landfill gas, and landfill cover maintenance.

The table below sets out the liability based on estimated capacities used in cubic meters, multiplied by the estimated total expenses, expressed as discounted present values, assuming a discount rate of 3.22% (2017 - 3.43%) based on average long term borrowing rate. The amount remaining to be recognized in future years is \$nil because the landfill reached full capacity during the 2010 fiscal year. The annual provision is reported as an operating fund expense and the accumulated provision is recorded as a liability on the Statement of Financial Position. Reserve funds totaling \$348,249 (2017 - \$663,327) have been established to provide for this liability in the Capital Project Reserve Fund. (Note 11)

#### 13. Employee Benefits

##### **Retirement Benefits**

The Regional District and its employees contribute to the Municipal Pension Plan (a jointly trustee pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2017, the plan has about 197,000 active members and approximately 95,000 retired members. Active members include approximately 39,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent valuation for the Municipal Pension Plan as at December 31, 2015, indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. As a result of the 2015 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, \$1,927 million was transferred to the rate stabilization account and \$297 million of the surplus ensured the required contribution rates remained unchanged.

The Regional District paid \$706,727 (2017 - \$710,718) for employer contributions to the plan in fiscal 2018.

The next valuation will be December 31, 2018, with results available in 2019. Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

##### **Compensated Absences**

###### ***Sick Leave***

After ten years of employment, earned sick leave is paid out upon termination of employment as per agreements. Sick leave obligations are attributed to the period beginning the employee's date of hire and ending on the date the employee ceases employment.

The Regional District determines its discount rates by reference to its cost of borrowing in accordance with Paragraph .044 of PS 3250. Actuarial gains and losses arise from the difference between the actual experience of the plan and that expected by the actuarial assumptions or from changes in actuarial assumptions. Actuarial gains and losses arising in a specific fiscal period will be amortized over the expected average remaining service life (EARSL) of the related employee group in accordance with Paragraph .061 or PS 3250.

The sick leave benefits are adequately funded by an account reserved for employee benefits and insurance. The projected sick leave liability in 2018 is \$768,600 (2017 - \$747,800).

###### ***Vacation***

Vacation is accrued as it is earned by employees.

#### 14. Contingent Liabilities

The Regional District is the defendant in various lawsuits. In the opinion of management, the overall estimation of loss is not determinable at this time. These claims have not be provided for in the financial statements. Settlement, if any, made with respect to these actions would be expected to be accounted for as a charge to expenses in the period in which realization is known, to the extent not covered by insurance.

### 17. Budget

The budget data presented in these financial statements is based upon the 2018 - 2022 Financial Plan Bylaw 1414 approved by the Regional District Board on March 26 and Amending Bylaws 1418, 1422, 1429, and 1430 approved by the Board on April 23, October 11, December 10 2018 and February 14, 2019 respectively.

The legislative requirements of the Financial Plan are that the cash inflows for the period must at a minimum equal cash outflows.

Budgeted Cash inflows and outflows include transfers to and from reserves and other funds, and prior year surplus/deficits carried forward, and principal repayments on debt. These transactions are not recognized as revenues and expenses in the Statement of Operations as they do not meet the inclusion requirements under public sector account standards.

<b>Balance, end of year</b>	<b>\$ 3,968,968</b>	<b>\$ 6,158,546</b>

## Note:

Development Cost Charge (DCC) levies are restricted by by-law in their use for sewer expansion and the revenue is deferred until the expenses are incurred. When DCC expenses are made, a corresponding amount is recorded as "Contribution from sewer DCC reserve" on the statement of operations.
